### Haybrook offices celebrate their success

Accolades have been showered on South Yorkshire-based estate agents Haybrook at a glittering awards ceremony.

The company's Rob Smith took the prize for the most improved total profit by a Divisional Sales Director. He beat off competition from counterparts throughout the Spicerhaart group, of which Haybrook has been a part since October 2007. Rob also came second in the total profit category for divisional sales directors. The 39-year-old praised his team for their support. "We have delivered fantastic results due to the team's enthusiasm and high customer service standards."

Meanwhile, the Crystal Peaks branch of Haybrook, led by manager Annette Kerrigan, was also lauded at the awards ceremony. Senior residential valuer Claire Shipman, 32, won a number of prizes for houses taken to the market and sold, while the office itself was the third best in the country.

The Rotherham branch, managed by Peter Merville, was also shown as a strong performer, with a number of second and third-placed prizes. Haybrook managing director, Russell Jervis, said: "I'd like to thank all the teams for their sterling work over the past year, and look forward to an even better 2010."

The Haybrook family also includes Hillsborough, managed by Mandy Hearson, which also made it into the company's top 10. High performing employees now have the chance to win a trip to South Africa to watch the World Cup this summer.
